IN THE DISTRICT COURT OF

HARRIS COUNTY, TEXAS

____ JUDICIAL DISTRICT

**PLAINTIFF'S ORIGINAL PETITION AND APPLICATION FOR TEMPORARY
RESTRAINING ORDER AND TEMPORARY INJUNCTION,
AND REQUEST FOR DISCLOSURE**

COMES NOW Plaintiff Lorena DiBello, and files this Original Petition and Application for Temporary Restraining Order and Temporary Injunction, and Request for Disclosure and, in support thereof, would respectfully show the Court as follows:

I. DISCOVERY CONTROL PLAN

1. Plaintiff intends to conduct discovery in this case under Level II pursuant to Rule 190.4 of the Texas Rules of Civil Procedure.

II. PARTIES

2. Plaintiff, Lorena DiBello, is an individual who resides in Harris County, Texas.

3. Intercontinental Terminals Company LLC ("ITC"), Defendant herein, is a Delaware Company doing business in the State of Texas for monetary profit. Based upon information and belief, ITC is the owner of the property and facility located in Deer Park, Texas, hereinafter ("ITC facility"). As detailed in the Texas Secretary of State records, Intercontinental Terminals Company LLC maintains a corporate office in Texas, located at 1021 Main St. #1150,

Houston, Texas 77002-6508. ITC has availed itself of the jurisdiction and laws of the State of Texas. Defendant may be served with process by and through its registered agent for service of process in the State of Texas: CT Corporation System, 1999 Bryan St., Suite 900, Dallas, Texas 75201-3136.

4. Alice Richardson is an individual who may be served with process at her place of employment or her residence.

5. Plaintiff specifically invokes the right to institute this suit against whatever entity was conducting business using the assumed or common name of “Intercontinental Terminals Company” with regard to the events described in this Petition. Plaintiff expressly invokes her right under Rule 28 of the Texas Rules of Civil Procedure to have the true name of this party substituted at a later time upon the motion of any party or of the Court.

III. VENUE AND JURISDICTION

6. The subject matter in controversy is within the jurisdictional limits of this Court. Plaintiff seeks monetary relief in an amount less than \$75,000.00. Venue is proper in Harris County, Texas, pursuant to Texas Civil Practice and Remedies Code § 15.002(a)(1) because it is the county where all or a substantial part of the events or omissions giving rise to the claim occurred. Venue is proper as to Plaintiff and Defendants under Texas Civil Practice & Remedies Code § 15.005.

7. The Court has subject matter jurisdiction over this civil action because Plaintiff seeks damages in an amount exceeding the Court’s minimum jurisdictional limits.

8. The Court has specific and general personal jurisdiction over Defendant Intercontinental Terminals Company LLC, because Defendant owns property located in Texas, and this Defendant has purposely availed itself of the privilege of conducting business and

activities within Texas for monetary profit; it has substantial and continuous contacts with the State of Texas, generally and with respect to this action, to satisfy both general and specific minimum contacts; and exercising jurisdiction over it does not offend the traditional notions of fair play and substantial justice. This Defendant has corporate headquarters in Houston, Texas pursuant to the Texas Secretary of State's records.

9. Plaintiff seeks damages in an amount less than \$75,000.00, and federal courts lack jurisdiction over this suit. There is incomplete diversity of citizenship, insufficient damages are being claimed, and Plaintiff's claims raise no federal question. Thus, any attempt to remove this case to federal court is improper. Here, Plaintiff seeks no further relief under a federal law, statute, regulation, treaty or constitution, nor do Plaintiff's rights to relief necessarily depend on the resolution of a substantial question of federal law.

IV. FACTS

10. On or about 10:30 a.m. on Sunday, March 17, 2019, a fire started in the ITC tank yard and first ignited a tank containing naphtha. That fire continued to spread throughout the ITC terminal, engulfing at least eight tanks and sending massive plumes of black smoke over and into the communities of southeast Texas. This massive cloud, containing toxic chemicals, ash and fumes, continued to spread and cause injuries and damages to Plaintiff. After burning for three straight days, the fire was finally extinguished in the early morning hours of Wednesday, March 20th, only to reignite hours later.

11. The fire was again extinguished. There was another flare-up on Thursday, March 21st, causing a release of benzene into the atmosphere, in addition to all of the other chemicals both previously released and continually being released from the ITC tanks. On Friday, March 22, 2019, there was yet another re-ignition of one of the tanks, forcing another shelter-in-place for the Plaintiff.

12. Upon information and belief, the fire may have been started when a tank overheated, and the safety mechanism did not work properly and was unable to prevent the fire. As a result, from March 17, 2019 through the date of this filing, ITC has released the following toxic chemicals (among others) into the atmosphere: Toluene, Xylene, Naphtha, and Benzene.

Plaintiff has been exposed and re-exposed several times over with these toxic chemicals, causing her severe injuries and damages.

13. Local news agencies, relying on information given by ITC officials, reported that the air was safe, and no dangerous chemicals had been released by the initial fire on March 17, 2019.

14. ITC has a long history of state and federal environmental violations. According to the Texas Commission on Environmental Quality, Intercontinental Terminals Company (ITC) has been fined for multiple infractions that could have been avoided. In 2008, ITC was fined when a relief valve failed causing 6,745 pounds of unauthorized butadiene to be released into the atmosphere due to the facility's failure to prevent an increase in pressure. The Commission said the event was "avoidable by better operational practices." Butadiene is a carcinogen to humans and is used to make plastics.

15. In 2009, ITC was fined for failing to "prevent the overloading of a railcar resulting in the unauthorized release of 1,452 pounds of toluene, a hazardous air pollutant, during a four-hour emissions event." This event was also said to be avoidable because the release was due to an operator failing to tighten a bolt on a hatch.

16. Additionally, ITC has been the subject of repeated water violations. In 2017, The Texas Commission on Environmental Quality fined ITC for releasing cyanide into the San Jacinto River basin in an amount more than ten times the permitted levels. In 2016, ITC released more than three times the limit for sulfide, and in 2015 ITC was found over the limit for chlorine discharge. Since July 2017, ITC has also failed to file monitoring reports on its chemical services, as required by federal regulations.

17. Residents, including Plaintiff herein, who had no health issues before the ITC fire, soon began complaining of upper respiratory symptoms and respiratory infections, including bronchitis and pneumonia, itchy, burning eyes, tight, burning throats, and the like—symptoms, illnesses and injuries that did not exist prior to the explosions and fires at the ITC facility and illnesses resulting from and exacerbated by the subsequent fires and chemical releases at the ITC facility.

V. CAUSES OF ACTION

18. Plaintiff incorporates by reference all preceding paragraphs as if fully stated herein and further states as follows:

A. NEGLIGENCE

19. On the occasion in question, as more fully described above in Section IV, Defendants committed acts of omission and commission, which collectively and separately constituted negligence. Defendants had a duty to exercise ordinary care, meaning that degree of care that would be used by any chemical company of ordinary prudence under the same or similar circumstances, and Defendants breached that duty, including but not limited to one or more of the following ways:

- a. In failing to properly store chemicals at the ITC facility;
- b. In failing to develop, implement, and maintain proper procedures for the backup refrigeration of chemicals stored at the ITC facility;
- c. In failing to develop, implement, and maintain proper safety procedures and protocol concerning the safe maintenance of the highly toxic and inherently dangerous chemicals maintained at the ITC facility;
- d. In failing to have adequate procedures in place to protect the safety and welfare of the community in the event of a catastrophe;
- e. In failing to provide the public accurate information on the chemicals being released;

- f. In failing to properly warn the public concerning the risks and dangers associated with the highly toxic and inherently dangerous chemicals maintained at the ITC facility;
- g. In failing to implement and maintain proper procedures, as established by ITC and governmental agencies regarding the safe and proper handling of chemicals at the ITC facility; and
- h. In failing to adequately prepare for a major fire event, having had the knowledge that such an event was foreseeable.

20. As to Defendant Alice Richardson, she failed to properly disclose to and warn the public in general and specifically our Plaintiff of the high levels of dangerous chemicals and carcinogens being released into the atmosphere as a result of the burning tanks at the ITC facility.

21. Defendants' breaches were a proximate cause of the occurrence in question and the injuries and damages sustained by Plaintiff herein.

B. GROSS NEGLIGENCE

22. Defendants unconscionably and wantonly neglected to take the actions reasonably required to correct its past mistakes and omissions and unconscionably and wantonly neglected to reasonably protect the citizens of Harris County, Texas and surrounding communities (including, but not limited to Deer Park, LaPorte, Pasadena, Sheldon, Channelview, Galena Park and Jacinto City) from the unreasonably dangerous condition it created. These acts of omission and commission, included, but were not limited to those as described herein under Section V(A).

23. Defendants committed acts of omission and commission, which collectively and severally, constituted malice under Chapter 41 of the Texas Civil Practices & Remedies Code, which malice was a proximate cause of the accident described herein. Plaintiff seeks exemplary damages as allowed by law in an amount to be determined at trial. These acts of malice involved an extreme degree of risk considering the probability and magnitude of harm to others; and of

which Defendants had actual, subjective awareness of such risks involved, but nevertheless proceeded with conscious indifference to the rights, safety or welfare of others.

C. NEGLIGENCE *PER SE*

24. Defendants' conduct described herein constitutes an unexcused breach of duty imposed by law. Plaintiff is a member of the class that the law was designed to protect. Defendants' unexcused breach of the duty imposed by the law proximately caused the Plaintiff's injuries and damages described herein.

D. NEGLIGENT MISREPRESENTATION

25. Defendant Alice Richardson made representations to Plaintiff, the residents of the affected communities, and the public at large concerning the ITC facility, the risk and consequences of the fires and the emission of toxic chemicals into the atmosphere. Defendants downplayed the risks associated with the fires and toxicity of the chemicals at issue. On or about March 18, 2019, Defendant Richardson released statements that the "risk of explosion remained minimal" and "the air quality around the facility was below levels that would represent a health concern."

26. Defendants ITC and Richardson supplied this misleading information and failed to exercise reasonable care when doing so. Plaintiff relied upon these representations to her detriment. Plaintiff justifiably relied upon these representations.

27. As a proximate result of Defendants' negligent misrepresentations Plaintiff has suffered substantial harm and injury. Plaintiff is entitled to recover all actual damages, both general and special, against Defendants for tortious representations.

**VI. APPLICATION FOR TEMPORARY RESTRAINING ORDER AND
TEMPORARY INJUNCTION – INTERCONTINENTAL TERMINALS COMPANY LLC**

28. In light of the above described facts, Plaintiff seeks recovery from Defendants. Plaintiff is likely to succeed on the merits of this lawsuit. Plaintiff is concerned that Defendant Intercontinental Terminals Company LLC will change, alter, destroy, convert, or even transport evidence involved in this incident. Unless this Honorable Court immediately restrains the Defendants, Plaintiff will suffer immediate and irreparable injury, for which there is no adequate remedy at law to give Plaintiff complete, final and equal relief. More specifically, Plaintiff will show the court that the harm to Plaintiff is imminent. This imminent harm will cause Plaintiff irreparable injury in that the Plaintiff in this lawsuit will lose the opportunity to inspect and photograph the evidence and will be unable to prosecute her claim. There is no adequate remedy at law which will give Plaintiff complete, final and equal relief.

29. In order for the Plaintiff to properly investigate and pursue her claim, and recover damages and see that justice is done, this Court should restrain the Defendants, their agents, servants, employees, contractors, contract employees, attorneys and those acting in concert with or in representation of said Defendants from in any way changing, altering, destroying, modifying, converting, selling or transporting the evidence described below which was involved in this incident. Plaintiff is willing to post a reasonable temporary restraining order bond and request the court to set such bond. Plaintiff has met her burden by establishing each element which must be present before injunctive relief can be granted by this Court, therefore Plaintiff is entitled to the requested temporary restraining order.

30. In order to preserve the status quo during the pendency of this action, Plaintiff prays the Court restrain and/or enjoin Defendants from in any way changing, altering,

destroying, modifying, converting, selling, or transporting, the below described evidence.

Plaintiff also seeks an order preserving:

- a. Any and all photographs and videotapes, including drone footage, of the scene of the incident(s), parties or equipment involved, including but not limited to the subject tanks and any other equipment involved in the March 17, 2019 to March 22, 2019, incident at the ITC facility in Deer Park, Texas;
- b. Any and all stickers, safety slogans, warnings, etc. attached to or placed on the premises and/or equipment located at the ITC facility in Deer Park, Texas;
- c. Any and all equipment, including manuals and materials related to the same, that were and/or have been used in the maintenance of the containers utilized at the ITC facility in Deer Park, Texas from January 1, 2008 to the present;
- d. Any and all documents/communications regarding the chemicals involved in the fires and emissions events at the ITC facility in Deer Park, Texas on March 17 – 22, 2019;
- e. Any and all documents, records, communications, samples, protocols and/or measurements relating to any testing of the air in or within a twenty (20) mile radius of the ITC facility in Deer Park, Texas, for the presence of toxic / hazardous chemicals from March 17, 2019 to the present;
- f. Any and all documents, records, communications, samples, and/or measurements relating to any testing for the presence of hazardous materials of any soil on or within a twenty (20) mile radius of the ITC facility in Deer Park, Texas, from March 17, 2019 to the present;
- g. Any and all documents, records, communications, samples, and/or measurements relating to any testing of debris emitted from the ITC facility located in Deer Park, Texas from March 17, 2019 to the present;
- h. Any and all documents, records, samples, protocols, and/or measurements relating to any testing of any debris or materials collected from ITC residents within a twenty (20) mile radius of the ITC facility located in Deer Park, Texas from March 17, 2019 to the present;
- i. Any and all documents or records relating to the incident and subject containers, including but not limited to any records, communications, documents, emails, text messages, by and between ITC, its agents, directors, employees, and assigns, and: the Department of Justice, the Occupational & Safety Health Administration, the Chemical Safety Board, the Environmental Protection Agency, the Texas Center for Environmental Quality, the Deer Park and Harris County fire departments, any emergency responders who responded to the fires at the ITC facility located in Deer Park, Texas, and any other state or federal regulatory agency;

- j. Any and all emails, electronic data, documents, statements, diaries, calendar entries, memos, incident reports, call slips or telephone messages, text messages, facsimiles, voicemail messages and correspondence related to the fires and/or emissions events at the ITC facility in Deer Park, Texas;
- k. Any and all log books, maintenance logs, cargo logs, maintenance and repair records, inspection reports, annual inspection reports, operating manuals, actual audiotape recordings or any transcript or any recorded statements, mobile radio and dispatch records pertaining to the fires and/or emissions events at the ITC facility in Deer Park, Texas; and
- l. Samples of any and all chemicals maintained at the ITC facility in Deer Park, Texas as of March 17, 2019 to the present.

31. The foregoing tangible and physical evidence is relevant and reasonably necessary to determine the cause of Plaintiff's injuries, the loss of which would be irreparably harmful to Plaintiff. It is essential that the court act immediately, prior to giving notice to Defendants and conducting a hearing on the matter, so as to adequately preserve the status quo.

VII. REQUEST FOR HEARING ON TEMPORARY RESTRAINING ORDER AND SUBSEQUENT INJUNCTIVE RELIEF

32. Plaintiff would further request this Court to set a hearing on Plaintiff's Application for Temporary Restraining order and subsequent injunctive relief in this matter.

VIII. REQUEST FOR INSPECTION

33. Plaintiff also requests that this Court issue an Order permitting the Plaintiff's attorneys and investigative staff, including but not limited to consulting experts, to have access to the premises in question to inspect, photograph, and film said premises. Such access for the purpose of inspection, photographing and filming is essential in order for the Plaintiff to prepare her cause and to see that justice is done.

IX. DAMAGES

34. As a direct and proximate result of the occurrence made the basis of this lawsuit, Plaintiff was caused to suffer severe bodily injuries, and to incur the following damages:

- a. Reasonable medical care and expenses in the past. These expenses were incurred by Plaintiff for the necessary care and treatment of the injuries resulting from the accident complained of herein and such charges are reasonable and were usual and customary charges for such services in Harris County, Texas;
- b. Reasonable and necessary medical care and expenses which will in all reasonable probability be incurred in the future;
- c. Physical pain and suffering in the past;
- d. Physical pain and suffering in the future;
- e. Physical impairment in the past;
- f. Physical impairment which, in all reasonable probability, will be suffered in the future;
- g. Loss of earnings in the past;
- h. Loss of earning capacity which will, in all probability, be incurred in the future;
- i. Disfigurement in the past;
- j. Disfigurement in the future;
- k. The cost of future medical monitoring;
- l. Mental anguish in the past;
- m. Mental anguish in the future;
- n. Injury to the land that resulted in cost of repairs, loss of use, or any combination thereof;
- o. Injury to improvements cost of repairs, loss of use, or any combination thereof; and

- p. Injury to business that resulted in lost profits, loss of credit or reputation thereof, loss of goodwill, or any combination thereof.

X. PRESERVING EVIDENCE

35. Plaintiff hereby requests and demands that Defendants preserve and maintain all evidence pertaining to any claim or defense related to the incidents made the basis of this lawsuit or the damages resulting therefrom, including statements, photographs, videotapes, audiotapes, surveillance or security tapes or information, business or medical records, incident reports, tenant files, periodic reports, financial statements, bills, telephone call slips or records, estimates, invoices, checks, measurements, correspondence, facsimiles, email, voicemail, text messages, any evidence involving the incident in question, and any electronic image or information related to the referenced incident or damages. Failure to maintain such items will constitute “spoliation” of the evidence.

XI. REQUEST FOR DISCLOSURE

36. Pursuant to Rule 194 of the Texas Rules of Civil Procedure, Defendants are requested to disclose the information and material described in Rule 194.2 within fifty (50) days of the service of this request.

XII. PRAYER

WHEREFORE, PREMISES CONSIDERED, Plaintiff prays that:

- a. Defendants be cited to appear and answer herein,
- b. a temporary restraining order will issue without notice to Defendant Intercontinental Terminals Company, LLC restraining Defendant as described herein,
- c. the Court set a reasonable bond for the temporary restraining order,
- d. after notice and hearing, a temporary injunction will issue enjoining and restraining Defendant from the conduct described herein,

- e. Plaintiff be awarded her damages from Defendants herein, jointly and severally, as more fully described in Section IX above;
- f. Plaintiff be awarded her costs of suit;
- g. Pre-judgment and post-judgment interest on all applicable amounts be awarded to Plaintiff at the maximum non-usurious rate as allowed by law;
- h. Plaintiff be awarded exemplary damages; and
- i. Plaintiff be awarded such other and further relief, both at law and in equity, to which Plaintiff may be justly entitled.

Respectfully submitted,

ATTORNEY FOR PLAINTIFF

PLAINTIFF HEREBY DEMANDS TRIAL BY JURY

EXHIBIT A-2

LORENA DIBELLO,	§	IN THE DISTRICT COURT OF
	§	
Plaintiff,	§	
	§	
v.	§	HARRIS COUNTY, TEXAS
	§	
INTERCONTINENTAL TERMINALS	§	
COMPANY LLC, and ALICE	§	
RICHARDSON,	§	
	§	
Defendants.	§	333 rd JUDICIAL DISTRICT

**DEFENDANTS INTERCONTINENTAL TERMINALS COMPANY LLC AND ALICE
RICHARDSON’S MOTION TO TRANSFER VENUE AND, SUBJECT THERETO,
ORIGINAL ANSWER**

Defendants Intercontinental Terminals Company LLC and Alice Richardson (collectively, “Defendants”) file their Motion to Transfer Venue and, subject thereto, Original Answer to Plaintiffs’ Original Petition and Application for Temporary Restraining Order and Temporary Injunction, and Request for Disclosure (the “Petition”).

I. Motion to Transfer Venue

Pursuant to Rule 257 of the Texas Rules of Civil Procedure, Defendants respectfully request that venue for this action be transferred from Harris County to another county of proper venue under the Texas Civil Practice and Remedies Code. Defendants will supplement the record with a brief in support of their motion and necessary affidavits upon completion of sufficient discovery.

II. General Denial

Pursuant to Rule 92 of the Texas Rules of Civil Procedure, Defendants generally deny the allegations and claims set forth in Plaintiffs’ Petition and demand strict proof thereof by a preponderance of the credible evidence, as required by the Constitution and laws of the State of Texas.

III. Affirmative Defenses

1. Plaintiffs fail to state a claim upon which relief can be granted.

2. Plaintiffs' claims are barred because Plaintiffs lacks standing to bring, in whole or in part, the claims alleged in the Petition.

3. Defendants assert the defense of contributory or comparative negligence to the extent that the damages and injuries alleged in Plaintiffs' Petition were legally and proximately caused, in whole or in part, by the negligence, fault, negligence per se, and other culpable conduct of other persons or parties who failed to exercise the requisite degree of care and caution, entitling Defendants to have the Court and jury apply the doctrine of comparative negligence established by Tex. Civ. Prac. & Rem. Code § 33.001 *et seq.* to reduce any judgment against it by the degree of negligence or fault attributable to any other person or party.

4. Defendants assert the defense of superseding or intervening cause to the extent that the damages and injuries alleged in Plaintiffs' Petition were legally and proximately caused by separate and independent events or agencies that were not the result of Defendants' actions or reasonably foreseeable to Defendants or within their control.

5. Defendants deny that the alleged injuries of Plaintiffs were proximately caused by any alleged act or omission of Defendants.

6. As an affirmative defense, the evidence may show that one or more claims of Plaintiffs are barred in whole or in part by the failure to mitigate damages.

7. As an affirmative defense, the evidence may show that one or more of Plaintiffs' claims are barred in whole or in part by the doctrine of waiver.

8. Alternatively, should any amount be cast against Defendants in judgment, Defendants are entitled to a credit and off-set for any and all payments made to Plaintiffs for any

purpose arising out of the incident and/or claims made the subject of this litigation, including, but not limited to, settlement credits.

9. Defendants deny any liability for punitive or exemplary damages. In any event, Plaintiffs' claims for exemplary damages are limited by Tex. Civ. Prac. & Rem. Code § 41.008.

10. Defendants deny any liability for punitive or exemplary damages. In any event, Plaintiffs' claim for punitive damages against Defendants cannot be sustained because an award of punitive damages under Texas law without proof of every element beyond a reasonable doubt would violate Defendants' rights under Amendments IV, V, VI, and XIV of the United States Constitution and under Sections 9, 10, 14, and 19 of Article I of the Texas Constitution.

11. Defendants deny any liability for punitive or exemplary damages. In any event, Plaintiffs' claims for punitive damages against Defendants cannot be sustained because an award of punitive damages under Texas law by a jury that (1) is not provided any standard of sufficient clarity for determining the appropriateness or the appropriate size of any punitive damages award; (2) is not instructed on the limits of punitive damages imposed by the applicable principles of deterrence and punishment; (3) is not expressly prohibited from awarding punitive damages or determining the amount of an award of punitive damages, in whole or in part, on the basis of invidiously discriminatory characteristics; (4) is permitted to award punitive damages under a standard for determining liability for punitive damages that is vague and arbitrary and does not define with sufficient clarity the conduct or mental state that makes punitive damages permissible; and (5) is not subject to judicial review on the basis of objective standards, would violate Defendants' due process rights guaranteed by the Fourteenth Amendment to the United States Constitution and by Section 19 of Article I of the Texas Constitution.

12. Defendants deny any liability for punitive or exemplary damages. In any event, a punitive damages award would violate the prohibition against excessive fines contained in the Eighth Amendment to the United States Constitution, as embodied in the due process clause of the Fourteenth Amendment to that Constitution, and Article I, § 19 of the Texas Constitution.

13. Defendants reserve the right to assert other affirmative defenses, cross-claims, and designations of responsible third parties as discovery proceeds.

IV. Right to Amend

Defendants reserve the right to amend this Answer.

V. Request for Jury

Defendants request a trial by jury and will pay the required fee in accordance with the deadlines imposed by the Texas Rules of Civil Procedure.

VI. Prayer

Defendants request that this Court, after trial or final hearing of this case, enter judgment in Defendants' favor, that Plaintiffs take nothing by reason of this suit, and that the Court award Defendants their costs of court and expenses and all other relief to which they are entitled.

Respectfully submitted,
